## CONDITIONS

---

---

1. The City of Moraine will incur no expense nor assume any responsibility in connection with the above-mentioned work.
2. The City of Moraine Police, Fire and Street Departments are to be notified of the time of day that any street will be cut and/or partially closed.
3. Applicant assumes responsibility for notifying utilities, including Dayton Power and Light, Ameritech, Montgomery County Sanitation Department and any others needing notification.
4. A bond must be filed with the City covering at least the expense of restoration of public way as estimated by the City Engineer. A bond of \$10,000 may be kept on file with the City to cover all work done within one year.
5. On weekdays, work shall be performed only between the hours of 9:00 a.m. and 3:00 p.m. If work must continue for more than one (1) day, a road that is cut must be totally secured and marked with proper signage, warnings, barricades and other traffic control devices.
6. During work hours, two-way traffic must be maintained. Proper signage warnings, barricades and other traffic control devices, including flagmen, shall be used where deemed necessary by the City Engineer.
7. Detailed plans shall be required for connections made to storm sewers and drawings or detailed plans may be required for other work.
8. Any street cut or right-of-way disturbed shall be returned to the same or better condition as currently exists. This includes, but is not limited to, the following:

Subgrade	<i>Backfill shall be tamped in one (1) foot courses.</i>
Asphalt	<i>Asphalt shall be placed in no more than two (2) inch courses and rolled. Edges of patch shall be sealed with asphaltic sealer.</i>
Concrete	<i>Concrete shall be cut only by saw cutting. Concrete replaced shall be reinforced and connected to existing concrete with dowels.</i>
Curb	<i>Curbs shall be removed as existing joints.</i>
Green Space	<i>Green space shall be sodded where deemed necessary by the City Engineer.</i>
Manhole Covers	<i>Catch Basin, drywell, valve cover edges, shall be sealed with proper asphaltic sealer.</i>
9. Applicant shall notify City Engineer at least 24 hours prior to starting work. An inspection is required before and during backfilling, and also at completion of work. Failure to have proper traffic control devices may result in stop work orders.
