Progress Through Unity

Residents! Volunteer Opportunities!

C.E.R.T.

The Fire Division is currently organizing Community Emergency Response Team (C.E.R.T.) Training free of charge! Using their training, C.E.R.T. members can assist others in their neighborhoods or workplaces during an event when professional responders are not immediately available. To learn more about C.E.R.T., go to the National C.E.R.T. website.

C.E.R.T. educates citizens

- Disaster preparedness
- Basic disaster response skills
- Fire safety Light search and rescue
- Team organization
- Disaster medical operations

Who can join?

Eligible citizens are anyone who lives or works in Moraine or the surrounding area, who are 18 years old or older.

Boards and Commissions

The City of Moraine is served by several Boards and Commissions, each comprised of dedicated Moraine residents who volunteer their time and talents to help improve the quality of their government. Though many citizens are already serving on Boards and Commissions, there are still several vacancies.

Any Moraine Resident over the age of 18 who is registered to vote is eligible to serve on any of these Boards and Commissions. For more information, please contact the Clerk of Council, at 535-1005.

**Interested in participating in a
Board, Commission or C.E.R.T. training?**

Please contact Dee Werbrich at 535-1005, for more information.

KEEP THEM CLEAR

If there's a **fire hydrant** near your house, do your part to keep it accessible this winter:

WINTER STORMS

What Can I Do?

Prepare Your Home

Make your home winter ready. Buy needed supplies before the storm arrives. Have a plan in case you lose power or are unable to leave your home.

Monitor Your Forecast

Stay up to date with the latest forecast information as the storm approaches, monitor your favorite source for weather information.

Prepare Your Vehicle

Make your vehicle weather ready. Be sure to include a safety kit, cold weather gear, and all the necessities you may need to deal with the storm ahead.

Have A Plan

Before weather threatens, be sure to have a communications plan, change travel plans, and prepare for the impacts to your routine.

Know The Terms

Winter Storm Watch: There is potential of a significant winter weather event. Conditions are possible but not imminent.

Winter Weather Advisory: Winter weather is imminent and may cause inconveniences.

Winter Storm Warning: A significant winter storm is imminent and is a danger to life and property.

Blizzard Warning: A significant winter storm with strong winds, snow, and low visibility is imminent and is a danger to life and property.

Ice Storm Warning: Dangerous ice accumulations are imminent

Snow Removal Guidelines

In order for the Street Division to properly and efficiently plow and clear roadways, cooperation and assistance is needed from residents.

Please follow these snow removal guidelines:

- Do not clean your driveway until your street has been plowed and salted by the Street Division. If you choose to clean your driveway prior to the Street Division plowing and salting your street, be sure to push the snow to the right of your driveway so when we plow it doesn't block your driveway. If using a snow blower, we ask that you avoid blowing snow back into the street.
- If a snowstorm is 2 inches or more, please park all vehicles in your driveway. This will greatly assist the Street Division in properly clearing and plowing all roadways and residential streets. Our goal is to make road conditions as safe as possible for travel through the City.

Senior Citizen and Handicap Driveway Plowing

During the winter season, the Street Division provides driveway plowing services for senior citizens and handicapped residents of Moraine. This service is provided only when snow accumulation is 2 inches or more. Please note: this is the Street Division's last priority for snow plowing. Requirements for receiving this service are:

- **Must be 60 years of age or older.**
- **Must live alone.**
- **Exceptions: Handicapped persons who have a verified medical problem may qualify for this service.**

Along with meeting all requirements, senior citizens must register in person each year at the Street Division (4720 Vance Road) in order to be eligible for this service. Our list of registrants is updated yearly. Please note if you do not register yearly, your driveway will not be plowed that particular year. If you have any questions, please contact the Street Division at 535-1040.

Christmas Tree Disposal

The Street Division will be collecting Christmas trees for disposal after the holidays. If you would like to dispose of your Christmas tree, please place it at the curb for pick up.

PERMITS: IF IN DOUBT, CHECK IT OUT!

As any homeowner knows, there is always something that can be repaired or improved when you own a house. Before you begin any project, on your own or through a contractor, make sure you check with the City's Building and Zoning Department to determine whether or not a permit is necessary.

More home improvement projects require permits than you might think. "Permits are needed for more than just the obvious new buildings, additions, or interior remodeling," says Tony Wenzler, Building and Zoning Administrator. "Many people believe that if it's not a major project, then they don't need a permit--often that's just not the case.

Here is a list of common home improvement projects that require permits:

- Any heating, ventilation, air conditioning or electrical work, except normal maintenance items such as replacement switches, receptacles, light bulbs or fixtures.
- New construction, including additions or a major alteration to an existing building.
- Residential construction work including new houses, garages, sheds, pools (above-ground and in-ground), decks, porches and fences.
- Repair of damage to a home caused by fire, water, insects or vehicle collision.
- Water heaters, backflow devices, sump pumps, gas, sewer and some solar heating systems, if they are to be permanently attached to the house.

"The City requires all contractors performing work that requires a permit to be registered yearly with the City. These registrations and the required permits are a way to safeguard residents," Wenzler says. "It's a minimum standard set by the City to protect the health, safety and welfare of its citizens." While contractors should acquire the proper registration and permits, ultimately it is the homeowner's responsibility to make sure all the necessary permits have been obtained.

Wenzler suggests residents consider the following steps before any home improvement or repair:

- Don't pay the contractor before the work is completed and passes inspection.
- Ask to see any and all permits from the contractors before allowing work to begin.

For information regarding permits, call the Community Development Office at 535-1030.

Fourth grade students at C.F. Holliday Elementary School in Moraine received free dictionaries donated by the Moraine Rotary Club. The Rotary donated dictionaries to five local schools including C.F. Holliday. Over the past decade Moraine Rotary has donated over 6,000 free dictionaries to Moraine and West Carrollton students.

RESEARCH, DISCOVER AND UNCOVER MORAINE'S HISTORY

THE GREAT MORAINE TROLLEY/AIRPLANE RACE

Pathe Sound News filmed a race challenge between an interurban trolley and a biplane in Moraine in 1930. The film was shown all across the country at movie theaters. For you younger readers, since there were no televisions in 1930, major news events were filmed and shown at movie theaters prior to the feature film.

The race began at Moraine Flying Field which was located just east of the Springboro Pike/Northlawn Blvd. intersection and just north of Fuyao Glass America. The race ended near where the current Frisch's Restaurant is located.

The trolley was a Cincinnati and Lake Erie (C&LE line) whose maintenance building was located just west of today's Springboro Pike and Main Street intersection (see photo). The C&LE was a short lived electric high speed interurban streetcar/trolley railway that operated from 1930 to 1939 in depression era Ohio. C&LE ran twenty high speed "Red Devil" interurban passenger cars between Cincinnati, Dayton, Columbus & Toledo. Red Devils were power efficient, lighter (among the first to be constructed with aluminum), and passenger comfortable (with leather seats, toilet, luggage compartment) seating up to 44 people.

In the photo notice the Moraine Field hangar still has the painted words "Dayton Municipal Airport" on it. That is because Moraine Field was Dayton's first municipal airport from 1926 to 1928.

The publicity stunt race was arranged by C&LE. The trolley had an edge as it took off while the plane had to taxi and get airborne. The interurban car ran at 97 mph and beat the airplane.

CARBON MONOXIDE (CO) POISONING

The health effects of CO depend upon the concentration in the air and the duration of the exposure.

Extended exposure to high concentrations will lead to unconsciousness, brain damage or death. However, for those of more vulnerable health, a lower concentration of exposure for longer periods of time may have similar effects as high concentration for brief periods.

The most common misdiagnosis of CO poisoning is a “flu-like” syndrome.

The following are key signs and symptoms of CO and other combustion by-product poisoning:

- Dizziness or headache
- Eye and upper respiratory irritation
- Wheezing or bronchial constriction
- Increased frequency of angina in persons with coronary heart disease
- Elevated blood carboxyhemoglobin levels
- Confusion
- Pain
- Persistent cough

Currently Accepted Medical Symptoms of Carbon Monoxide (CO) Poisoning:

220 PPM -Slight headaches, tiredness, dizziness, and nausea after 2-3 hours

400 PPM - Frontal headaches within 1-2 hours, life threatening after 3 hours

800 PPM - Dizziness, nausea, and convulsions within 45 minutes. Unconsciousness within 2 hours. Death within 2-3 hours

1600 PPM - Headache, dizziness, and nausea within 20 minutes. Death within 1 hour.

6400 PPM - Headache, dizziness, and nausea within 1-2 minutes. Death within 10-15 minutes.

ALL EFFECTS CAN VARY SIGNIFICANTLY BASED UPON AGE, SEX, WEIGHT, AND OVERALL STATE OF HEALTH.

If CO is measured within the living or working space of a building, the following diagnostic approach may aid in the discovery of its generation activity and perhaps its affect on the inhabitants. The discovery begins with questions.

- When did the symptoms or complaints begin:
- Does this symptom or complaint exist all the time or does it come and go?
- Is the symptom associated with a particular location or time of day?
- Is the symptom seasonal in nature?
- Does the problem seem to improve, your health improve after you leave a specific place?
- Are the symptoms associated with a change of workplace or living locations?
- Anyone else in the house or building have similar symptoms or complaints?
- Is the symptom associated with the use of any heating or cooking equipment?
- Do you have an attached garage? Do you warm your car up inside with door open?
- Are you a smoker or around smokers during the times of your discomfort?
- Is charcoal being burned indoors in a grill, fireplace, or other cooking device?
- Is there an odor present when heating, cooking, or other combustion appliance in use?
- What types of combustion equipment are in use?
- When was the last time the combustion equipment serviced?
- Does any of the combustion equipment seem to be in disrepair?

If you need a CO or smoke detector please contact the Prevention Bureau at 535-1144.

Take a Paws - Buy Your 2020 Dog License

Once again it's time to purchase dog licenses for 2020!

Residents of Montgomery County may buy licenses between December 2 - January 31 at the Moraine Administration Building, 4200 Dryden Road. Hours are Monday through Friday, 8am - 5pm. A license for a spayed or neutered dog costs \$20, an unaltered dog is \$24. Dogs ages 3 to 9 months are \$20 without regard to spaying/neutering. Ohio law requires all dogs over age 3 months who reside in Montgomery County to be licensed. Cash or checks are accepted. Make checks payable to Montgomery County Dog License. (Sorry, no credit cards.)

License fees support Montgomery County Animal Resource Center operations and licensing a dog is a valuable tool in getting your pet home should they get lost.

Dog licenses may also be purchased at the below facilities.

Brick Orders Being Accepted for the City's Memorials

The City of Moraine has two memorials to recognize our former employees and veterans.

The Moraine Police and Fire memorial was constructed in 2012. It has two large bronzes statues: one firefighter and one police officer, with plaques, as well as 275 bricks to remember our Fire and Police personnel.

The All-Veterans memorial was constructed in 2002. It has a large monument with each branch of the military, as well as 575 bricks to remember our veterans.

To honor a loved one with a brick, download the form from the City's website: ci.moraine.oh.us. For any questions, please call Aaron Vietor at 535-1016.

Deadlines to Order Bricks

Memorial Day: January 15

- Bricks will be installed in early May and dedicated during the Memorial Day Ceremony.

Veterans Day: June 15

- Bricks will be installed in early November and dedicated during the Veterans Day Ceremony.

D&M Welding Open House

D&M Welding invited neighbors, customers and vendors to their Open House on October 25th. The third generation family owned business located at 2300 Arbor Blvd, has been known for its quality fabrication services since 1974.

The company made significant investments over the course of 2019. On display was their brand new CNC fiber laser and press brake. The laser will cut intricate parts on 5' x 10' sheets in less than 15 minutes. The press brake can bend over 1000 parts per hour!

D&M Welding also invested almost \$1,000,000 in shop renovations. The investment included painting and floor resurfacing, adding a new crane lift system, and new racking.

Shook Construction Provides Clean Water To Bolivia

In the spring of this year, Shook Construction partnered with Engineers in Action and sent a group of 8 teammates to Timusi, Bolivia to improve the water system of the small village. This 2019 Mission Trip was possible from funding by key clients and vendors. The team helped to change the lives of the people in this small village of 295 people.

By providing clean water supply to the people of Timusi, Shook was able to continue their mission of 'dramatically improving the communities they serve' and plans are underway to continue with similar trips.

Shook Construction is located at 2000 West Dorothy Lane. For more information about their incredible mission, you can watch a short documentary at: <https://www.youtube.com/watch?v=L15bovkPrLo>.

Flying Ace Is Now Open

Flying Ace Express Car Wash celebrated their grand opening of the Moraine location on December 2nd. This marks the 7th location, with 3 more planned before the end of 2020.

"The 3-minute car wash is more of a sensory experience than your typical car wash," explained Beth Martin, Flying Ace Marketing Director. "In our car wash, you'll see bright colors and smell the aroma of different tropical flavors."

One of the more interesting aspects about Flying Ace is that they reclaim most the water used during the car wash by filtering it and reusing again and again, this allows them to become super-efficient given that they average over 100,000 washes per month.

Flying Ace began in 2015 and has more than doubled in size in the last 12 months, we are proud to welcome them to the Moraine community.

Basketball League Wrap UP

After a highly competitive seven-week season, our championship winner, Team Butta, took home first place with an undefeated record (7-0). Our runner-up, Collective, finished as a close second place – beaten only by one basket in overtime during the championship game.

With six teams who participated in the League, we are glad for the great success and hope to make it bigger and better in the seasons to come.

Thank you to all the teams and players who participated this season and a special thank you to the referees who helped ensure fair, competitive basketball.
